

SCHOOL TOURS GRADES K AND UP

FALL 2024

Build visual literacy and language art skills on a magical tour of art from the Beach Museum of Art's permanent collection. Students will use Visual Thinking Strategies, a facilitated critical and evidence-based reasoning discussion method to create their own stories. Younger children will focus on rich language development. Older students will participate in writing activities based on Trevor and Andrew

Bryan's, The Art of Comprehension: Exploring Visual Texts to Foster Comprehension, Conversation and Confidence. Everyone will make a decorative writing journal to take home.

Tours are free, available Tuesday-Friday, last 1½ hours.

Bus funds are available.
